

Ms Goh Ban Leng

I believe education is a lifelong journey that prepares students for life. My role as an educator is to create a positive, uplifting environment where every learner feels valued and inspired to grow. I aim to equip students with knowledge, skills, and values that help them develop confidence, empathy, and a sense of purpose—so they leave school ready to contribute meaningfully.

**ST Educational Support
(Understudy)**

**York Hill
Campus**

**Teaching Subjects: Chemistry/
Biology**

Learners for Life. Leaders of Integrity. Contributors with Compassion.
