

# Ms Diana Othman

My goal is to create an environment where students from diverse backgrounds can be themselves, while learning to understand and respect others. In the long term, I wish to develop thoughtful, scientifically literate individuals who can make informed decisions and contribute positively to society as Leaders of Integrity. to create meaningful opportunities, inspire confidence, and help them unlock their fullest potential.

Teacher

York Hill  
Campus

Teaching Subjects: Biology/  
English

Learners for Life. Leaders of Integrity. Contributors with Compassion.
