

# Mr Irwan Haerman

As a seasoned educator, I believe that every student has unique talents that need to be found and developed. My teaching approach focuses on creating welcoming classrooms where students feel confident to explore, ask questions, and learn.

Education, to me, is about transformation and possibility. As renowned educator Paulo Freire once said, "Education does not change the world. Education changes people. People change the world." This resonates deeply with my approach to both curriculum delivery and character formation.

Looking forward, I see Outram Secondary School as a place of excellent education, where strong values combine with modern skills. I am committed to helping students who will succeed in their studies and become caring leaders ready to help their community.
