

# Mr Leo Chin Ho

I believe that every child deserves a fair start, regardless of the baggage they carry from home. Secondary school is a time of transition, and sometimes, life gets heavy. I view my role as the safety net. When a student stumbles, whether due to financial struggles or personal challenges, I am here to catch them, steady them, and remind them that they are not alone. I may not be able to fix every problem they face at home, but I can ensure that when they step into the school, they feel supported, seen, and valued.
